9. **Members Questions**

**Question:** In the latest communication from the Club Management, there is a list of forthcoming men's and mixed matches, but no Ladies ' matches. Why is that? (*Paul Gerrard*)

**Response:** In short, the latest men's and mixed calendar covers the months of November to February. During this window, there were no ladies' matches scheduled. We would like to thank the Ladies Competition Secretary for her hard work in producing the ladies' calendar, and we look forward to working with her on future releases.

We have already introduced two changes:

**Weekly Planner:** The old club calendar mentioned WAGs and some ladies' activities, but not other player groups such as the SODs, Grumpies, Red Socks, or U3A. It also did not include start times or information on how to get involved. To make it easier for new members to see when groups play and how to join in, we introduced the *Weekly Planner*, which is prominently displayed on the website and in

the clubhouse.

**Club Calendar Management Planning Tool:** We have created a consolidated planning spreadsheet that brings together all activities—men’s, mixed, ladies’, and clubhouse events—making it easier for the clubhouse team to avoid potential conflicts when scheduling new activities.

Looking ahead, the management team is reflecting on how best to display the men’s, mixed, and ladies’ calendars so that each stakeholder / section is represented clearly and achieves its goals.

Further updates will be shared through club news and the members’ forums.

All questions are annotated with **AGM AOB** in the ‘Subject header’ were to be submitted to the Committee Secretary no later than 7 days prior to the meeting. **AOB will not be accepted on the night of the meeting.**

#### 10. **Meeting Closes**
